## YETI - extensive adjustment options

The seat minimizing kit, consisting of 4 independent velcro pads offers an additional adaptation of the seat interior through simple attaching of the pads at desired position. Easy adjustment of seat width and depth at your fingertips

Adjustable seat depth (up to 45 cm!) and backrest length (up to 85 cm!) immensely increase the scope of possible regulation customizing the size of the stroller to fit older children's needs. You may also lower the footrest up to 44 cm!

## YETI - comfort and safety

Reclining backrest allows to set the stroller at multiple positions, conversion into a mobile bed, with a totally flat lying position, was never that simple. Enhance child's comfort in a blink of an eye!

Multiple stage tension system of a backrest allows for the most individual and complex adjustment. Core of the system is based on extremely durable velcro straps.

Tilt in space for bigger and heavier children? A safe and proper positioning of a child is our trademark.

Yeti is equipped with adjustable windstopper that will come in handy during worse weather conditions.

## Create your own YETI look!

Like every other our stroller, Yeti comes with a wide range of additional accessories. Various weather conditions? Yeti is prepared for the worst and the best!

Although he comes from wilderness, Yeti lends you his helping hand offering you a various accessories useful in a normal, daily routine.
